

**CALIFORNIA OFFICE OF EMERGENCY SERVICES  
CAL OES  
CALIFORNIA DEPARTMENT OF FORESTRY  
AND FIRE PROTECTION  
CAL FIRE**

**California Joint Incident Briefing  
8/5/2015 10:00 hours**

**Weather Report - Northern Region**

**\*\*\* Next round of thunderstorms expected Thursday night and Friday \*\*\***

Today is expected to be thunderstorm-free as the Northern Operational area spends a day in between weather systems. A low pressure system well off the Central California Coast will be moving east Thursday and move ashore Thursday night. This system is expected to develop overnight showers and thunderstorms across the southern portion of the Northern Operational area. The system will continue moving east Friday but is expected to lead to more thunderstorms mainly over the mountains through Friday evening. Dry southwest flow will become established Saturday and continue into next week. A drying trend will be in place early next week, although the northwest mountains may have a few afternoon and evening thunderstorms at times. Temperatures will be seasonably warm, with the warmest inland valleys in the 90s. Afternoon winds will be southerly to westerly 5-15 mph.

**Weather Report - Southern Region**

**\*\*\*Possible Dry Thunderstorms over the Central Sierra late Thursday and Thursday night\*\*\***

High pressure centered over Arizona will help to raise temperatures by several more degrees across the local region today. Although extensive cloud cover in some areas may limit the degree of warming today, daytime highs will approach 100 in the warmest inland valleys. Minimum relative humidity values will be in the 12-25% range away from the coast, and in the single digits and teens across the deserts. Winds will be southwest to northwest seven to fifteen mph, except stronger across the Antelope Valley and through the desert passes. After today the focus will be on an approaching upper level low that will move through the state on Friday. This system will draw subtropical moisture northward into the region on Thursday with isolated showers and thunderstorms possible over the Angeles, San Bernardino, and Cleveland National Forests eastward into the deserts. A few of the storms on the northern periphery of this moisture will be dry. Further north over the Sierra, thunderstorms, initially dry, will develop late in the day and will continue during the overnight hours. At this time, the best chances of thunderstorms over the Sierra will be from Kings Canyon National Park, northward. Drier air will move into the southern portions of the state Friday with only a few showers and thunderstorms possible near the Arizona and Nevada borders in the morning. In the Sierra, the overnight convection will moisten up and will move northward into Nevada and Northern California during the day. Cooler weather is expected on Thursday, mainly due to increasing cloud cover and a little higher humidity. More substantial cooling will take place on Friday with below normal temperatures expected. Also, the marine layer will deepen along the coast and winds will be increasing across the higher terrain as well as over the desert passes in Thursday and Friday. On Saturday the low will be east of the region with a dry southwest flow aloft prevailing. Temperatures may rebound slightly over the weekend and winds across the mountains and deserts will diminish. By early next week, high pressure over the Great Plains will begin to build westward toward California causing temperatures to increase to above normal levels over the region by the middle to end of next week.

## **Summary of CAL FIRE Resources Assigned to Major Emergency Incidents**

•	213	Engines
•	105	Crews
•	31	Dozers
•	2	Helicopters
•	1	Mobile Communications Center (MCC)
•	2	Mobile Kitchen Unit (MKU)
•	598	Overhead
•	3161	Total Personnel

## **Summary of Cal OES and Local Government Resources Assigned to Major Emergency Incidents**

•	115	OES Engines
•	2	OES Water Tenders
•	4	OES Support Units
•	8	OES Chief Officers
•	0	OES Fire Mechanic
•	438	Local Government Engines
•	27	Local Government Water Tenders
•	14	National Guard Helicopters
•	4	National Guard MAFFS

**Major Concerns/Remarks:**

There are now seven fires since the Hammer and Steelhead fires were combined into the Steelhead fire.

**Cooperating Agencies:**

CDCR, HSCO, CALTRANS, Humboldt County OES, CNA, CCC

## **SECTION: EMERGENCY MANAGEMENT COORDINATION - 05 AUG 2015**

### **1. HUMBOLDT COMPLEX**

### **2. COUNTY IMPACTED:** Humboldt

**3. SUMMARY:** The Humboldt Complex Fire is located near Bridgeville, Blocksburg, Alderpoint, and Zenia. The fire is burning in steep, rugged terrain with long distances between fires. Heavy smoke from the fire is creating health and safety issues for Karuk and Hoopa tribal lands. One PSC Technician has been deployed to the incident.

### **4. REOC/EOCS ACTIVATION:**

- Humboldt County EOC is activated at Level 1 during the day and Duty Officer status from 1900-0700.

**5. MUTUAL AID PROVIDED (NOT FIRE OR LAW):** No mutual aid requests.

### **6. SHELTERS:**

- No Shelters reported open at this time. Red Cross is currently on standby for shelters.
- Red Cross is providing canteening and cots to CAL FIRE.

**7. LAW ENFORCEMENT MUTUAL AID:** No mutual aid requests.

### **8. CRITICAL INFRASTRUCTURE & LIFELINES THREAT/DAMAGES:**

Recognized critical infrastructure within 15 mile radius:

- Casterlin Elementary School
- CAL FIRE Alder Point Station Emergency Services
- Phillipsville Volunteer Fire Department – Emergency Services
- South Fork Junior-Senior High School (Southern Humboldt Joint Unified School District, High School), Public – Government Facilities
- HEAD START – Miranda – Government Facilities
- Miranda Volunteer Fire Department – Emergency Services

Threats to threatened and endangered salmon species and terrestrial wildlife including Northern Spotted Owls.

### **9. ROAD/HIGHWAY CLOSURES:**

Highway 36 is closed from the county line to State Route 3.

**10. INJURIES/CONFIRMED FATALITIES:** None reported at this time.

**11. CONFIRMED STRUCTURE LOSS:** 1 residence and 1 outbuilding

**12. THREAT TO WATERWAYS, WATER SOURCES, NATURAL HABITAT/SPECIES, STATE PARKS & HISTORICAL OR TRIBAL LANDS/ASSETS:**

The fire is within 0.3 miles of a federally designated protection area (DPA), causing an immediate threat to the area.

**13. EVACUATIONS:**

A temporary evacuation center has been set up by the Alderpoint Volunteer Fire Department at 17440 Alderpoint Road.

**14. ACCESS AND FUNCTIONAL NEEDS/HEALTH AND MEDICAL ISSUES:**

- 8/2/15-15:37: Per the California Department of Public Health, Licensing and Certification (L&C) Division: There are no impacts to L&C licensed Health Care Facilities or Hospitals related to the Humboldt Fire Incident
- The Emergency Medical Services Authority (EMSA) is staffing the Medical Branch at the SOC. EMSA continues to monitor the medical impact from the fires and remains in constant communication with the Regional Disaster Medical Health Specialist (RDMHS) and CDPH. There are no anticipated requests for medical resources at this time.
- [Unhealthy air quality conditions reported in Willow Creek, Hoopa, and surrounding area.](#)
- [The Open Door Health Clinic in Willow Creek will extend hours if air quality worsens. The Willow Creek Fire Safe Council Office may open as a 24-hour reprieve center, if needed. The County is checking with Public Health to see if more monitors are needed.](#)

**15. DECLARATIONS/PROCLAMATIONS:** None reported at this time.

**RESOURCE SUPPORT/REQUESTS**

**CNG Resources Committed:**

- 1x-CH-47
- 4x-UH-60
- 2x-Hemmt

**State Assistance Requests:**

The following resources are en route and should be operational by approximately 1700 hours on 8/4/15:

2015-SOC-14670: Air Resources Control Board Monitor for Karuk Tribe –  
Coordinating

2015-CREOC-14672: Air Resources Control Board Monitor for Hoopa Tribe -  
Coordinating

## **SECTION: EMERGENCY MANAGEMENT COORDINATION - 05 AUG 2015**

### **1. ROCKY**

### **2. COUNTY IMPACTED:** Lake

**3. SUMMARY:** Fire crossed Highway 20 and experienced extreme fire behavior with spotting and crowning. Mandatory and advisory evacuations continue in the fire area. Highway 20 and Highway 16 are closed in the fire area. There is potential for fire movement in all directions impacting the City of Clearlake, Wilber Springs, Jerusalem Creek, Jerusalem Valley and the Cache Creek recreation area. A second community meeting scheduled for 1800 on 8/6/15 at Middletown High School. Senator Mike McGuire will be present.

### **4. REOC/EOCS ACTIVATIONS:**

- Coastal REOC-Level 2 (0900-1700) then switching to duty officer status
- Lake County EOC-Level 2 (0600-2000); Level 1 B Shift (2000-2400); Duty Officer (2400-0600)
- Yolo County-Level 1
- Clearlake County-Level 1

### **5. MUTUAL AID PROVIDED (NOT FIRE OR LAW):** No mutual aid requested

### **6. SHELTERS:**

Red Cross has increased capacity on current shelter and identified additional shelters to support additional potential evacuations.

Two Red Cross shelters open:

- Middletown - Middletown High School, 20932 Big Canyon Road, Middletown, CA  
- Population: 12 (Down from 33)
- Kelseyville - Kelseyville High School, 5480 Main Street, Kelseyville, CA -  
Population: 3

338 meals served, (increased by 102) 296 snacks served, 45 health services contacts, 54 comfort kits.

On Tuesday, August, 4, 2015, Red Cross opened a client service center in Clearlake to offer integrated care and disaster assessment. Red Cross has shelters on standby to support potential evacuations. An animal evacuation center is opened at the Lower Lake Social Services parking lot, 15975 Anderson Ranch Parkway, Lower Lake. Red Cross will elevate an Access and Functional Needs issue to Lake County

today to determine if a Functional Assessment Service Team (FAST) is needed to ensure access and functional needs are being met.

As of 1500, Lake County Middle School shelter opened.

The Client Casework Lead, Client Casework Supervisor, Community Partnerships, and Facilities Service Associate conducted a site visit to the Highland Community Center to develop a site plan for the Client Service Center.

Integrated Care Teams remain on standby to be deployed the day after evacuations are lifted.

## **7. LAW ENFORCEMENT MUTUAL AID:**

LDO is monitoring the fire and is coordinating directly with Lake County Sheriff's Office.

### **Mutual Aid**

There is no-out-of county law enforcement mutual aid deployed on this fire. On 08/01/15, Napa County Sherriff's Office (SO) assisted with evacuations, and Yolo County SO attended the planning meeting. Lake County SO assisted Colusa County SO with evacuations on Saturday. Future Law Enforcement Mutual Aid requests will be discussed today. Clearlake Police Department and Fish/Wildlife continue assisting with evacuations for persons and animals.

All law enforcement mutual aid requests thus far have been from within Mutual Aid Region II. The Alameda County Sheriff's Office, as the Region II RMAC, issued a mission number, 15-21, to track law enforcement mutual aid resources for this event.

EOC support from the counties of Sonoma, Marin, Santa Clara, Mendocino; the City of San Francisco; and the Yountville Veterans Home.

## **8. CRITICAL INFRASTRUCTURE & LIFELINES THREAT/DAMAGES:**

### **Power**

Per CUEA: There are 49 residents without power.

There are two cellular communications towers in the path of the fire in critical danger of loss with potential impacts to Clearlake, Clearlake Oaks, and Middle Town.

PG&E has an agency rep in the County EOC as well as at the ICP for the daytime operational period.

On 08/04/15, the fire reached the Cortina-Mendocino and Eagle Rock-Cortina 115v transmission line near Highway 20. Those lines are de-energized already and PG&E

has kept all customers in this area with power. The area will be assessed today to see if it is safe to re-energize this transmission line

In the Morgan Valley area, PG&E anticipates finishing setting all the poles and will begin re-conducting when it is safe. There are still at 49 customers out of service in the area.

PG&E crews are in the area working to protect the electric system to ensure reliability for our customers and a safe environment for firefighters.

Currently, crews are in Lower Lake and Clearlake areas removing and pruning vegetation that may come into contact with the lines or cause further damage to facilities during the fire.

Crews are also treating electric transmission poles with a fire retardant spray to protect electric facilities and reduce safety risks in the area where firefighters are working.

PG&E is working closely with CAL FIRE to determine where best to implement these preventative measures in order to reduce safety concerns as the fire progresses. They have de-energized one electric circuit in Lower Lake to reduce safety risks when fire fighters are working in the area. By feeding power through other sections of the electric systems, all but 49 customers have power in Lake County.

The [fire has damaged approximately 35 electric transmission and distribution poles](#) and other equipment in the area. PG&E crews are making repairs as quickly and safely as possible. PG&E currently has crews from throughout their service area working in Lake County to support these restoration and safety efforts.

### [Water](#)

[There are two substations \(Highlands and Lower Lake\), and four PSC towers within 3 miles of the western edge of the perimeter which could have local impacts.](#)

[The California National Guard and the California Department of Transportation are conducting bridge construction reconnaissance to determine feasibility of temporary bridge construction on County Road 40 on Cache Creek.](#)

[The fire poses a threat to Double Eagle housing development, Community of Spring Valley off of Long Valley Road, the Indian Valley area, the Walker Ridge area, and the Wilbur Springs area, and other outlying areas remain threatened.](#)

## **9. ROAD/HIGHWAY CLOSURES:**

Morgan Valley Road at Rocky Creek Road  
Bonham Road  
Quarter Horse

Sleepy Hollow  
Mustang  
Sam's Road  
East of McRae to the county line  
Spruce Grove Road North (reopened at 2000 hrs on 7/30/15)  
Jerusalem Valley Road remains closed to all traffic at Spruce Grove Road.

Highway 20 is closed from Highway 16 to Highway 53 for all through traffic in both directions due to increased fire activity. Highway 16 is closed from Highway 20 to the Yolo County Line in both directions due to increased fire activity. Jerusalem Valley Road is closed to all traffic at Spruce Grove Road.

CHP reports the following road closure in Yolo County:  
SR-16 at County Road 42 (Hard Closure)

CHP reports the following road closures in Lake County:  
SR-20 at SR-53 (soft closure - residents only)  
SR-20 at New Long Valley Road (hard closure)

CHP reports the following road closures in Colusa County:  
SR-20 at "E" Street (soft closure residents only)  
SR-20 at Walnut Drive (hard closure)

#### **10. INJURIES/CONFIRMED FATALITIES: NSTR**

**11. CONFIRMED STRUCTURE LOSS:** Confirmed structures destroyed include 24 residences and 26 outbuildings.

#### **12. THREAT TO WATERWAYS, WATER SOURCES, NATURAL HABITAT/SPECIES, STATE PARKS & HISTORICAL OR TRIBAL LANDS/ASSETS:**

Colusa County is very smoky; monitoring continues. Office of Tribal Coordination will follow up with emergency preparedness training as requested by the tribe. In Yolo County, the Tribe is tied directly in with the IC to ensure tribal cultural sites are being protected. The Big Valley Reservation has 28 tribal members.

To allow safe access for emergency vehicles, Knoxville Wildlife Area is closed to all public use until further notice due to the Rocky Fire. The closure affects Knoxville-Berryessa Road north of Pope Canyon Road.

#### **13. EVACUATIONS:**

##### **Mandatory:**

Assistant Chief Smith consulted with the CALFIRE IMT, LE Liaison, and Lake County Sheriff's Office. **The consensus is that of the more than 13,000**

people, approximately 2,000 of those are mandatory and the remaining 11,000 are advisories only. The breakdown of the 2,000 mandates are: about 1,700 in the Spring Valley area, and the remaining 300 or so in the remaining areas.

Jerusalem Valley area east of Soda Creek, Bonham Road, Quarter Horse Lane, Mustang Court, Bronco Court, Sunset Court, Morgan Valley east of Bonham Road, Canyon Road, June Bug Road, Cambell Ranch Road, Sloan Ranch Road, Sky High Ranch Road, Rocky Creek Road, Morgan Valley Road at Butte Rock Ranch Road, Jeep Trail, Dam Road from the gate to the dam, Grizzly Canyon, Long Branch Drive, Lance Road, Cougar Road, Red Rocks, Meridian Road, Antelope Road, Mule Skinner Road, Flint Look Place, Moccasin Road, Roundball Road, Watertrough Road, Grigsby Canyon, Lucky Canyon, Remington Canyon, Walker Ridge, Walker Ridge Road, No Guns Road, Meriann Drive, Bear Valley Road from Highway 20 to Wilbur Springs Road, Wilbur Springs Road and Morgan Valley Road X Butte Creek Road.

A mandatory evacuation order has been implemented for all residents on Ogulin Canyon Road. Law enforcement is currently in the area and informing residents of the mandatory evacuation. All of Ogulin Canyon Road will be closed to traffic. A mandatory evacuation order is in effect for all of Spring Valley. Law enforcement is currently advising Spring Valley residents of the mandatory evacuation.

Stemming from a serious concern from CAL FIRE about the Chapman Tract on the east side of Highway 53 in Clear Lake, Lake County Sheriff's Office began making preparations to effect a mandatory evacuation of up to 5,000 people.

There are 24 homes destroyed and 26 other structures impacted.

Spring Valley, a community of some 750 homes, was issued a mandatory evacuation on Sunday, 8/2/15. Approximately 50 residences refused to heed the notice. Lake County Sheriff's Office at this time is issuing another City Watch alert to all addresses in Spring Valley.

The evacuation transportation plan has been updated and buses from two school districts are standing by with drivers if needed.

The County is trying to confirm numbers with LE and to differentiate the mandatory and advisory numbers.

### **Advisory:**

All areas including east of Highway 29 at Raita Road east of Highway 53 north to Highway 20 including Ogulin Canyon Road, City of Clear Lake, Spruce Grove Road, Noble Ranch Road, Black Bass Pass, Jerusalem Valley area west of Soda Creek, Double Eagle Ranch, Homes along Highway 20 corridor between New Long Valley

Road and east of the county line, Spruce Grove Road to intersection of Jerusalem Grade, Lake Ridge.

#### **14. ACCESS AND FUNCTIONAL NEEDS/HEALTH AND MEDICAL ISSUES:**

As of 8/1/15 0559 Lake County ARC reports no AFN needs have been identified.

8/3/2015 0600 update: Rocky Fire: St Helena Hospital Clear Lake cautiously accepting non-critical admissions. A portable HEPA filter provided by Lake County Public Health remains in place at the Moose Lodge in Clear Lake Oaks, a privately operated shelter site.

Portable HEPA filtration units were provided to St. Helena Hospital Clear Lake, Meadowood Skilled Nursing Facility, and Moose Lodge.

8/3/2015 1245 update: General Acute Care Hospital in Clear Lake, 32 licensed beds. No evacuations at this time. Facility is currently in internal ICS mode due to regional fire and has non-mandatory evacuation order.

8/3/2015 1245 update: Skilled Nursing Facility, Meadowood Nursing Center in Clearlake. 99 licensed beds-patients on a non-mandatory evacuation order. No evacuations at this time. There is facility sheltering-in-place due to smoke/air quality from local fire.

8/3/2015 1340 update: Rocky Fire EMSA is in communication with Sonoma County Medical Reserve Corps (MRC) which conducted an initial query of their volunteers as a proactive measure to assist Lake County in the event that Lake County Medical Health Operational Area Coordinator requests medical personnel.

Mission Task 2015-IREOC-14491 – Yolo-Solano AQMD

Portable Air Monitoring Resource Locations: Brooks

Mission Task (pending) – Lake County AQMD

Portable Air Monitoring Resource Locations: Clear Lake

General air quality levels associated with the above monitors: *Good to Moderate*

Health Officer in Lake County – Karen Tate MHOAC reports monitoring since 7/29/15 with no major medical health issues yet. Also coordinating with ARC.

License and Certifications Unit was contacted, they are responsible for monitoring healthcare facilities and provided the report below:

- St. Helena Hospital Clear Lake has no issues and they are continuing to monitor. They have a contingency plan.
- Clearlake Dialysis Center has no impacts with a normal operation.
- Meadowood Skilled Nursing Facility is monitoring with no impacts at this time.

- License Cert CDPH is continuing to monitor and receive updates from duty officer.
- CDSS is monitoring the Community Care Licensed Facilities with ARC.

Red Cross will elevate an Access and Functional Needs issue to Lake County today to determine if a Functional Assessment Service Team (FAST) is needed to ensure access and functional needs are being met. It was determined that a FAST is not needed at this time.

Per CDSS, Community Care Licensing Division, there are two CCL facilities impacted by the Rocky Fire.

8/4/15 1030 Saint Helena Hospital in Clearlake reports no changes in status and no evacuations. Meadowood Nursing Center in Clear Lake continues to shelter-in-place and reports no evacuations. The facility is prepared to evacuate if necessary.

## **15. DECLARATIONS/PROCLAMATIONS:**

FMAGS or other Emergency Funding Source (CDAA, Federal Disaster Dec)

Lake County Emergency Proclamation 30 July 2015 – FMAG # FM-5093

### **Resource/Support Requests**

#### **Recovery**

Discussing LAC implementation, as well as setting up a VOAD.

Damage assessments are ongoing and subject to change.

#### **Cal OES Personnel and Assets Deployed**

REOC: Memoree McIntire, Nancy Smith, Catrina Christian

Lake EOC: Ryan Arba, Robert Butchart

2 Cal OES PSC Technicians have deployed to the fire to assist.

1 Cal OES Fire AREP deployed to the fire.

Lake County Rocky Fire mobile interoperable gateway unit is being used for communication. (Oasis)

ARCB:

One air quality monitor is being deployed with an ETA of 1300 to be set up at Cache Creek Casino, 14455 CA-16, Brooks, CA (Yolo County)

One more monitor may be ordered by Lake County on 7/31/15. The request is being researched and will be put into Cal EOC once it is decided if it is necessary. It was determined as of 1200 7/31 that at this time, no other monitors are needed.

08/05/2015

### **12. THREAT TO WATERWAYS, WATER SOURCES, NATURAL HABITAT/SPECIES, STATE PARKS & HISTORICAL OR TRIBAL LANDS/ASSETS:**

- Multiple watersheds and commercial timber; cultural/heritage, wildlife, and environmentally sensitive areas.

### **13. EVACUATIONS:**

- The Tahoe National Forest is maintaining a forest closure with specified exemptions for the fire area.
- All residential evacuation advisories have been lifted.

### **14. ACCESS AND FUNCTIONAL NEED/ HEALTH AND MEDICAL ISSUES:**

- 8/2/15 1537 hours: Per the California Department of Public Health, Licensing and Certification (L&C) Division: There are no impacts to L&C licensed Health Care Facilities or Hospitals related to the Lowell Fire Incident.
- The Emergency Medical Services Authority (EMSA) is staffing the Medical Branch at the SOC. EMSA continues to monitor the medical impact from the fires and remains in constant communication with the Regional Disaster Medical Health Specialist (RDMHS) and CDPH. There are no anticipated requests for medical resources at this time.
- Air Monitoring Resource Locations: Auburn, Colfax, Grass Valley, Truckee, Tahoe City
- Mission Task 2015-IREOC-14344 – Northern Sierra AQMD
- Portable Air Monitoring Resource Locations: Grass Valley, Penn Valley, and Lake of the Pines.
- Mission Task 2015-IREOC-14450 – Placer County APCD
- Portable Air Monitoring Resource Locations: Foresthill, Alta.
- Mission Task 2015-IREOC-14272 – El Dorado County AQMD
- Portable Air Monitoring Resource Locations: Cool, Pollock Pines
- General air quality levels associated with the above monitors: Good to Moderate

## **SECTION: EMERGENCY MANAGEMENT COORDINATION – 04 AUG 2015**

### **1. WRAGG**

### **2. COUNTIES IMPACTED:** Napa

**3. SUMMARY:** The Wragg Fire is a vegetation fire located 4 miles west of the town of Winters on Highway 128. No fire movement is projected.

### **4. REOC/EOCS ACTIVATION:**

Inland Region REOC is activated at Level 1 (0700-1900).

### **5. MUTUAL AID PROVIDED (NOT FIRE AND LAW):** No mutual aid requests.

### **6. SHELTERS:** No shelters reported open at this time.

### **7. LAW ENFORCEMENT MUTUAL AID:** No mutual aid requests.

### **8. CRITICAL INFRASTRUCTURE & LIFELINES THREAT/DAMAGES:** NSTR

### **9. ROAD/HIGHWAY CLOSURES:** None reported at this time.

### **10. INJURIES/CONFIRMED FATALITIES:** None reported at this time.

### **11. CONFIRMED STRUCTURE LOSS:**

- A water supply wellhead was damaged.
- A walnut orchard sustained fire damage; approximately 25 trees were destroyed.
- Two vehicles were destroyed.
- 2 outbuildings destroyed.
- 4 outbuildings and 1 residence damaged.

### **12. THREAT TO WATERWAYS, WATER SOURCES, NATURAL HABITAT/SPECIES, STATE PARKS & HISTORICAL OR TRIBAL LANDS/ASSETS:**

Conducted large animal evacuations and experienced significant fencing damage.

### **13. EVACUATIONS:** No current evacuations in place.

### **14. ACCESS AND FUNCTIONAL NEEDS/HEALTH AND MEDICAL ISSUES:**

- California Department of Public Health, Licensing and Certification (L&C) Division reports no impacts to L&C licensed Health Care Facilities or Hospitals.
- The Emergency Medical Services Authority (EMSA) is staffing the Medical Branch at the SOC. EMSA continues to monitor the medical impact from the fires

and remains in constant communication with the Regional Disaster Medical Health Specialist (RDMHS) and CDPH. There are no anticipated requests for medical resources at this time.

- Air Monitoring Resource locations: Davis, Woodland, Sacramento, Colusa, Yuba City, Gridley, and Willows.
- The Air Quality Management District is providing a portable Air Monitoring Resource in Winters and is reporting air quality levels of *Good* to *Moderate*.
- Drinking Water (08/03/15-PM: Reported by EF 8)
  - Lake Solano [County Park in Winters](#) lost power to their well. However, it is a non-critical, non-community water system.
  - Solano Irrigation District is operational now and back in service.

Further evacuations are being planned and evaluated.

**Cooperating Agencies:**

Trinity County Sheriff, Cal OES, CHP, CALTRANS, PG&E, SPI, Hayfork FD, and Post Mountain FD.

## **SECTION: EMERGENCY MANAGEMENT COORDINATION – 05 Aug 2015**

### **1. FORK COMPLEX FIRE**

### **2. COUNTY IMPACTED:** Trinity County

**3. SUMMARY:** The fires within Fork Complex have burned into more populated areas so the number of threatened structures has grown to 825 residences.

### **4. REOC/EOCS ACTIVATION:**

Inland Region is activated at a level 1 – 0700-1900

Trinity County is activated at a level 2 from the mobile EOC – 0700-2100

### **5. MUTUAL AID PROVIDED (NOT FIRE OR LAW):** NSTR

### **6. SHELTERS:**

Two Shelters open:

Solid Rock Christian Fellowship, 66 Tule Creek Road, Hayfork, CA – Population: 16

Van Duzen Community Center, 591 Van Duzen Road, Mad River, CA – Population: 0

The Salvation Army will be providing meals for these locations. Local health and human services are dealing with health issues and concerns related to poor air quality.

Red Cross has increased public messaging in the Mad River Fire complex area to those who are currently sheltering in the evacuation zones to come to the shelter to receive supplies rather than continue to shelter in an evacuation zone.

### **7. LAW ENFORCEMENT MUTUAL AID:** NSTR

### **8. CRITICAL INFRASTRUCTURE & LIFELINES THREAT/DAMAGES:**

Initial observations suggest no current visible threats to critical infrastructure within a 15 mile radius of the fire.

### **9. ROAD/HIGHWAY CLOSURES:**

Road Closures for Hyampom Area:

- Hard Closure - Intersection of Road 47 and Road 60
- Hard Closure - Intersection of Road 16 and Road 47

Road Closures for Hayfork Area:

- Hard Closure - Highway 3 at Fairgrounds south on Highway 3 to Highway 36

- Highway 36 at Wildwood Road to all westbound traffic
- All roads associated with the residences listed above

**10. INJURIES/CONFIRMED FATALITIES:** NSTR

**11. CONFIRMED STRUCTURE LOSS:** 0 Structures have been damaged or destroyed.

**12. THREAT TO WATERWAYS, WATER SOURCES, NATURAL HABITAT/SPECIES, STATE PARKS & HISTORICAL OR TRIBAL LANDS/ASSETS:** NSTR

**13. EVACUATIONS:**

Hyampom area:

- Skunk Ranch area
- Manzanita Ranch area
- End of Kerlin Creek Road
- Corral Bottom area from the intersection of Road 16 and Road 47 to Road 47 to Road 60 and Road 60 into Hyampom
- Underwood Mountain Road (Forest Road 4N09) and Forest Road 4N09 (Hyampom area)

Hayfork area:

- Residences at Trinity Pines
- Residences in the area of Barker Creek Road
- Mill Gulch—Gulch Road (Highway 3 North to Hayfork)
- Kingsbury Gulch Road in the area of Morgan Hill Road from Pine Street to Kingsbury Gulch Road, including Kingsbury Road, Center Street, Dirt Road

Voluntary Evacuations:

- Residences in the area of Farmer Ranch Road
- Residents living south of Morgan Hill Road in the Hayfork area

**14. ACCESS AND FUNCTIONAL NEEDS/ HEALTH AND MEDICAL ISSUES:**

- 8/2/15 1537 hours: Per the California Department of Public Health, Licensing and Certification (L&C) Division: There are no impacts to L&C licensed Health Care Facilities or Hospitals related to the Fork Complex Incident.
- The Emergency Medical Services Authority (EMSA) is staffing the Medical Branch at the SOC. EMSA continues to monitor the medical impact from the fires and remains in constant communication with the Regional Disaster Medical Health Specialist (RDMHS) and CDPH. There are no anticipated requests for medical resources at this time.

Trinity County Health and Human Services has opened up four clean air facilities equipped with HEPA filters that the public can use as needed.

- Golden Age Center, 201 Brown's Ranch Road, Weaverville. Hours: 9am-7pm.
- Junction City School, 430 Red Hill Road, Junction City. Hours: 9am-7pm.
- Burnt Ranch School, 251 Burnt Ranch School Road (Classroom #6), Burnt Ranch, ¼ mile off of Highway 29. Hours: 9am-7pm.
- Roderick Senior Center, 90 Corral Avenue, Hayfork. Hours: regular operating hours.

**15. DECLARATIONS/PROCLAMATIONS:** Trinity County Emergency Proclamation 31 July 2015

**RESOURCE SUPPORT/REQUESTS:**

Cal OES Personnel and assets deployed:

Inland Region Emergency Services Coordinator assigned to Trinity County EOC

Law Mission #2015 LAW-14555

Cal OES T-Com delivered a cache of 56 radios 2 Aug 2015 to Weaverville for use in Trinity County by the Trinity County Sheriff's Office.

Injuries: 6

Fatalities: 0

**Major Concerns/Remarks:**

The southern flank of the Willow Fire burned within the footprint of the 2001 North Fork Fire. The burned area had a heavy brush component (critically low live fuel moistures) with heavy down and dead woody debris (critically low - 10% fuel moisture) intermingled and a heavy concentration of snags. Numerous cultural and historic sites were threatened. The IMT and district personnel continue to strengthen relationships with local tribal groups. Significant demobilization of resources continues. Preparations have begun to transition command of the Willow Fire to a Sierra National Forest Type 3 organization.

**Cooperating Agencies:**

Madera County Sheriff, Cal OES, CCC, American Red Cross, CDCR

## **SECTION: EMERGENCY MANAGEMENT COORDINATION – 05 AUG 2015**

### **1. WILLOW**

### **2. COUNTY IMPACTED:** Madera

**3. SUMMARY:** The Willow Fire is located northeast of North Fork, California. The south flank of the fire is burning in the 2001 North Fork burn scar consisting of 14 year old brush with a heavy dead and down as well as standing dead component. There are numerous cultural and historic sites that are threatened (USFS). On the northern flank, crews completed line construction further diminishing the threat to Central Camp.

### **4. REOC/EOCS ACTIVATION:**

- Inland REOC is activated at a Level 1 – 0700 – 1900.

### **5. MUTUAL AID PROVIDED (NOT FIRE OR LAW):**

- California Conservation Corps
- American Red Cross
- California Department of Corrections and Rehabilitation

### **6: SHELTERS:**

- Shelter Closed as of 8/4/2015
- Shelter has been cleaned and returned back to owner control.
  - 486 meals served
  - 1637 snacks served.

Red Cross is working with local government for potential re-entry on August 4<sup>th</sup> or August 5<sup>th</sup>. Red Cross will provide bulk and disaster mental health. Red Cross is currently providing meal support for eight homes without power, this support may continue after shelter closes. Recovery activities continue with those clients affected by the fire.

**7. LAW ENFORCEMENT MUTUAL AID:** None requested at this time.

**8. CRITICAL INFRASTRUCTURE & LIFELINES THREAT/DAMAGES:** None

### **9. ROAD/HIGHWAY CLOSURES:**

- Road 274 has reopened Residents will have to show proper identification at the road closure to be allowed back in their homes.
- Madera Closures:
  - Autumn Ridge Road
  - Willow Canyon Road
  - Beasore Road
  - Central Camp Road
- North Fork Closures:
  - Douglas Ranger Station Road

- Cascadel Drive/Road 233

#### **10. INJURIES/CONFIRMED FATALITIES:**

- 6 Responders assigned to fire were injured.

#### **11. CONFIRMED STRUCTURE LOSS:** None

#### **12. THREAT TO WATERWAYS, WATER SOURCES, NATURAL HABITAT/SPECIES, STATE PARKS & HISTORICAL OR TRIBAL LANDS/ASSETS:** NSTR

#### **13. EVACUATIONS:**

Douglas Station Road Evacuation Order lifted Tuesday, August 4<sup>th</sup>, at 10:00 AM.  
Douglas Station Road will be limited to residents only.

No new evacuations on 7/31/15. Cascadel (approximately 200 homes), which were under advisory evacuation status, were upgraded to mandatory on 07/30/15. Evacuations of multiple campgrounds and Central Camp (private in-holding consisting of approximately 100 private cabins).

On 7/31, the Madera Sheriff made a request to CHP for additional patrols of Rd 274 to reduce problems with motorists stopping to watch the fire and interfering with Fire Vehicles. Also, a hard road closure was placed on a small dirt road on private property in the Cascadel Woods subdivision to more fully enforce a mandatory evacuation area there.

#### **14. ACCESS AND FUNCTIONAL NEEDS/HEALTH AND MEDICAL ISSUES:**

- California Department of Public Health, Licensing and Certification (L&C) Division reports no impacts to L&C licensed Health Care Facilities or Hospitals related to the Willow Fire Incident.
- The Emergency Medical Services Authority (EMSA) is staffing the Medical Branch at the SOC. EMSA continues to monitor the medical impact from the fires and remains in constant communication with the Regional Disaster Medical Health Specialist (RDMHS) and CDPH. There are no anticipated requests for medical resources at this time.
- Air Monitoring Resource Locations: Fresno, Yosemite Village, Mariposa, Prather, El Portal, North Fork.
- Mission Task 2015-IREOC-14418 – Mariposa County APCD
- AQMD is providing a portable Air Monitoring Resource in: Ponderosa Basin, Bootjack, and Oakhurst and is reporting general air quality of Good to Unhealthy for Sensitive Groups.
- A mission tasking for San Joaquin Valley APCD is pending.

**15. DECLARATIONS/PROCLAMATIONS:** None reported at this time.

Injuries: 0

Fatalities: 0

**Major Concerns/Remarks:**

Currently fire spread is predominately due to down hill backing. Without proper ground and air assets, rapid, high intensity uphill runs are expected when fires come into alignment. Without crews, type 1 or type 2IA, and air assets fires will continue to grow unchecked. Estimated cost will be for the entire complex. There are currently two fires out of six in the complex (Williams and Summit) unstaffed due to lack of resources and access. No containment date stated because we have no crews, and engine crews are not able to complete hand lines at a rate necessary to achieve containment.

**Cooperating Agencies:**

## **SECTION: EMERGENCY MANAGEMENT COORDINATION – 05 AUG 2015**

### **1. GASQUET COMPLEX**

### **2. COUNTY IMPACTED:** Del Norte

**3. SUMMARY:** The GASQUET COMPLEX Fire includes 6 active vegetation fires on the Gasquet Ranger District in the Six Rivers National Forest located along the Smith River near U.S. Route 199 (FRA; not a CAL FIRE incident).

Currently fire spread is predominately due to downhill backing. Without proper ground and air assets high intensity uphill runs are expected when fires come into alignment. There are currently **two fires** out of six in the complex (Williams and Summit) **unstaffed** due to **lack of resources** and access.

### **4. REOC/EOCS ACTIVATION:**

Coastal REOC is activated at level 2 from 0900-1900, and then will switch to Duty Officer Status. Activated for Rocky and Humboldt Complex Fires.

### **5. MUTUAL AID PROVIDED (NOT FIRE AND LAW):** NSTR

### **6. SHELTERS:** NSTR

**Major Concerns/Remarks:**

The relatively small change in cost reflected on this 209 for the South Complex is because of the limited information in e-ISuite due to the transition from the Fork Complex. As the information is updated there could be a disproportional increase in cost for that operational period.

**Cooperating Agencies:**

Trinity County Sheriff's Office, CHP, CALTRANS, PG&E

## **SECTION: EMERGENCY MANAGEMENT COORDINATION – 05 Aug 2015**

### **1. SOUTH COMPLEX**

### **2. COUNTY IMPACTED:** Trinity County

**3. SUMMARY:** The South Complex has been created by taking some of the fires from the Fork Complex and Mad River Complex to create a new incident. A type II Incident Management Team from the USFS has been assigned to manage this complex of fires. The 8 known fires within this complex are burning near the communities of Hyampom and Coral Bottom. Some of these fires are unstaffed and approximately 200 residences are still threatened.

### **4. REOC/EOCS ACTIVATION:**

Inland Region is activated at a level 1 – 0700-1900

Trinity County is activated at a level 2 from the mobile EOC – 0700-2100

### **5. MUTUAL AID PROVIDED (NOT FIRE OR LAW):** NSTR

### **6. SHELTERS:** Two Shelters Open.

Solid Rock Christian Fellowship, 66 Tule Creek Road, Hayfork, CA – Population: 16

Van Duzen Community Center, 591 Van Duzen Road, Mad River, CA – Population: 0

The Salvation Army will be providing meals for these locations. Local health and human services are dealing with health issues and concerns related to poor air quality.

Red Cross has increased public messaging in the Mad River Fire complex area to those who are currently sheltering in the evacuation zones to come to the shelter to receive supplies rather than continue to shelter in an evacuation zone.

### **7. LAW ENFORCEMENT MUTUAL AID:** NSTR

### **8. CRITICAL INFRASTRUCTURE & LIFELINES THREAT/DAMAGES:**

Initial observations suggest no current visible threats to critical infrastructure within a 15 mile radius of the fire.

### **9. ROAD/HIGHWAY CLOSURES:**

Road Closures for Hyampom Area:

- Hard Closure - Intersection of Road 47 and Road 60
- Hard Closure - Intersection of Road 16 and Road 47

Road Closures for Hayfork Area:

- Hard Closure - Highway 3 at Fairgrounds south on Highway 3 to Highway 36
- Highway 36 at Wildwood Road to all westbound traffic
- All roads associated with the residences listed above

**10. INJURIES/CONFIRMED FATALITIES: NSTR**

**11. CONFIRMED STRUCTURE LOSS: NSTR**

**12. THREAT TO WATERWAYS, WATER SOURCES, NATURAL HABITAT/SPECIES, STATE PARKS & HISTORICAL OR TRIBAL LANDS/ASSETS: NSTR**

Efforts are focused on minimizing impacts to the Trinity River Scenic Byway and protecting endangered salmon habitat by keeping the complex south of the Trinity River.

**13. EVACUATIONS:**

Hyampom area:

- Skunk Ranch area
- Manzanita Ranch area
- End of Kerlin Creek Road
- Corral Bottom area from the intersection of Road 16 and Road 47 to Road 47 to Road 60 and Road 60 into Hyampom
- Underwood Mountain Road (Forest Road 4N09) and Forest Road 4N09 (Hyampom area )

Hayfork area:

- Residences at Trinity Pines
- Residences in the area of Barker Creek Road
- Mill Gulch—Gulch Road (Highway 3 north to Hayfork)
- Kingsbury Gulch Road in the area of Morgan Hill Road from Pine Street to Kingsbury Gulch Road, including Kingsbury Road, Center Street, Dirt Road

Voluntary Evacuations:

- Residences in the area of Farmer Ranch Road
- Residents living south of Morgan Hill Road in the Hayfork area

#### **14. ACCESS AND FUNCTIONAL NEEDS/HEALTH AND MEDICAL ISSUES:**

- 8/2/15 1537 hours: Per the California Department of Public Health, Licensing and Certification (L&C) Division: There are no impacts to L&C licensed Health Care Facilities or Hospitals related to the Fork Complex Incident.
- The Emergency Medical Services Authority (EMSA) is staffing the Medical Branch at the SOC. EMSA continues to monitor the medical impact from the fires and remains in constant communication with the Regional Disaster Medical Health Specialist (RDMHS) and CDPH. There are no anticipated requests for medical resources at this time.

Trinity County Health and Human Services has opened up four clean air facilities equipped with HEPA filters that the public can use as needed.

- Golden Age Center, 201 Brown's Ranch Road, Weaverville. Hours: 9am-7pm.
- Junction City School, 430 Red Hill Road, Junction City. Hours: 9am-7pm.
- Burnt Ranch School, 251 Burnt Ranch School Road (Classroom #6), Burnt Ranch. ¼ mile off of Hwy 29. Hours: 9am-7pm.
- Roderick Senior Center, 90 Corral Avenue, Hayfork. Hours: regular operating hours.

#### **15. DECLARATIONS/PROCLAMATIONS:**

- Trinity County Emergency Proclamation 31 July 2015

#### **RESOURCE SUPPORT/REQUESTS:**

Cal OES Personnel and assets deployed:

Inland Region Emergency Services Coordinator assigned to Trinity County EOC

Law Mission #2015 LAW-14555

Cal OES T-Com delivered a cache of 56 radios 2 Aug 2015 to Weaverville for use in Trinity County by the Trinity County Sheriff's Office.

**Cooperating Agencies:**

Beatty & Associates, Sierra Pacific Industries, Modoc County Sheriff, CCC

## **SECTION: EMERGENCY MANAGEMENT COORDINATION – 05 AUG 2015**

### **1. FROG**

### **2. COUNTY IMPACTED:** Modoc

**3. SUMMARY:** The Frog Fire is a vegetation fire located SW of Round Mountain, 25 miles NW of Bieber, 9 miles SW of Canby in the Modoc National Forest (FRA; not a CAL FIRE incident). The fire is located in hazardous terrain with difficulty in finding adequate vantage points to establish lookouts; communications are spotty and limited in the fire area. Fire continues to run across containment lines and threaten critical infrastructure, WAPA power lines, natural gas pipelines, critical wildlife habitat, grazing allotments, private timberlands and plantations, and Round Mountain Lookout.

Fire activity decreased 08/02/15 due to light precipitation. Heavy fuels continue to burn down. Round Mountain Lookout is threatened.

### **4. REOC/EOCS ACTIVATION:**

- Inland Region REOC is activated at a Level 1 (0700-1900).

### **5. MUTUAL AID PROVIDED (NOT FIRE OR LAW):** No mutual aid requests.

### **6. SHELTERS:** No shelters reported open at this time.

### **7. LAW ENFORCEMENT MUTUAL AID:** No mutual aid requests.

### **8. CRITICAL INFRASTRUCTURE & LIFELINES THREAT/DAMAGES:**

No CIP-identified critical infrastructure within ten miles of the current perimeter, however there is a PSC tower (CAL FIRE Round Mountain Telemetry Station), and a 42-inch PG&E natural gas pipeline approximately 2 miles W of the current perimeter; **no current risk.**

### **9. ROAD/HIGHWAY CLOSURES:** Road closures in the fire area are in effect.

### **10. INJURIES/CONFIRMED FATALITIES:** None reported at this time.

### **11. CONFIRMED STRUCTURE LOSS:** No confirmed structure losses.

### **12. THREAT TO WATERWAYS, WATER SOURCES, NATURAL HABITAT/SPECIES, STATE PARKS & HISTORICAL OR TRIBAL LANDS/ASSETS:**

Lava and Howard's Gulch Campgrounds are closed.

### **13. EVACUATIONS:** Long Bell Fire Station has been evacuated.

#### **14. ACCESS AND FUNCTIONAL NEEDS/ HEALTH AND MEDICAL ISSUES:**

- 8/2/15-15:37: Per the California Department of Public Health, Licensing and Certification (L&C) Division: There are no impacts to L&C licensed Health Care Facilities or Hospitals related to the Frog Fire Incident.
- The Emergency Medical Services Authority (EMSA) is staffing the Medical Branch at the SOC. EMSA continues to monitor the medical impact from the fires and remains in constant communication with the Regional Disaster Medical Health Specialist (RDMHS) and CDPH. There are no anticipated requests for medical resources at this time.

**15. DECLARATIONS/PROCLAMATIONS:** The County Proclaimed a Local Emergency on 7/31/15.

Injuries: 1

Fatalities: 0

**Major Concerns/Remarks:**

Contingency planning with affected agencies is ongoing to address structure defense and resident evacuations if communities near the perimeter become threatened. On Tuesday afternoon (8/4/15), a Type 1 helicopter experienced a main rotor strike and landed with no injuries. The incident with potential is under investigation.

**Cooperating Agencies:**

Tulare County Fire, Tulare County OES, Tulare County Sheriff's Office, San Joaquin Air Quality Management District

## **SECTION: EMERGENCY MANAGEMENT COORDINATION – 05 AUG 2015**

### **1. CABIN**

### **2. COUNTY IMPACTED:** Tulare

**3. SUMMARY:** The Cabin Fire is a vegetation fire located in very remote, steep, rocky terrain, 8 miles northeast of Camp Nelson in the Golden Trout Wilderness in the Sequoia National Forest (FRA; not a CALFIRE incident). Rain allowed firefighters to begin line construction in an effort to get ahead of anticipated growth. However, fire behavior increased 08/03/15 and the fire made another easterly run on the SE corner. The 2011 Lion Fire burn area will reduce fire behavior.

### **4. REOC/EOCS ACTIVATION:**

Inland Region REOC is activated at Level 1 (0700-1900).

### **5. MUTUAL AID PROVIDED (NOT FIRE OR LAW):** No mutual aid requests.

### **6. SHELTERS:** No shelters reported open at this time.

### **7. LAW ENFORCEMENT MUTUAL AID:** No mutual aid requests.

### **8. CRITICAL INFRASTRUCTURE & LIFELINES THREAT/DAMAGES:**

No CIP-identified critical infrastructure within ten miles of the current perimeter.

### **9. ROAD/HIGHWAY CLOSURES:** None reported at this time.

### **10. INJURIES/CONFIRMED FATALITIES:** None reported at this time.

### **11. CONFIRMED STRUCTURE LOSS:** No confirmed structure losses.

### **12. THREAT TO WATERWAYS, WATER SOURCES, NATURAL HABITAT/SPECIES, STATE PARKS & HISTORICAL OR TRIBAL LANDS/ASSETS:**

- A Forest Order is in effect closing a portion of the Golden Trout Wilderness and trails within the fire area. Wilderness permits are being examined to confirm permittees have been contacted or evacuated.
- Threat to the Little Kern golden trout, mountain yellow-legged frog, and Spotted Owl habitats.
- Threats to Peck's Cabin, Lion Meadow Camp, and private cabins and outbuildings.
- Impacts to wilderness recreation from smoke, trail closures, and suppression efforts.

**13. EVACUATIONS:** No current evacuations in place.

**14. ACCESS AND FUNCTIONAL NEEDS/HEALTH AND MEDICAL ISSUES:**

- 8/2/15-15:37: Per the California Department of Public Health, Licensing and Certification (L&C) Division: There are no impacts to L&C licensed Skilled Nursing Facilities or Hospitals related to the Cabin Fire Incident. There are no licensed beds or patient services on off hours at Family Health Care Network Community Clinic, will check status tomorrow.
- The Emergency Medical Services Authority (EMSA) is staffing the Medical Branch at the SOC. EMSA continues to monitor the medical impact from the fires and remains in constant communication with the Regional Disaster Medical Health Specialist (RDMHS) and CDPH. There are no anticipated requests for medical resources at this time.
- Air Monitoring Resource locations: Visalia, Sequoia National Forest, Camp Nelson, and Kernville.
  - Air quality monitors show particulate matter concentrations in the *Good* to *Moderate* range, except the Kernville monitor which shows concentrations in the *Moderate* to *Unhealthy for Sensitive Groups* range.

**15. DECLARATIONS/PROCLAMATIONS:** None reported at this time.

**RESOURCE SUPPORT/REQUESTS**

**CAL OES PERSONNEL AND ASSETS DEPLOYED:**

Requested a MIGU 5 for phones and internet. Ben Green and ACS members are en route to Selma to pick up equipment and then to staging. Scheduled duration of employment is 10-12 days.
